

CURB-MOUNT

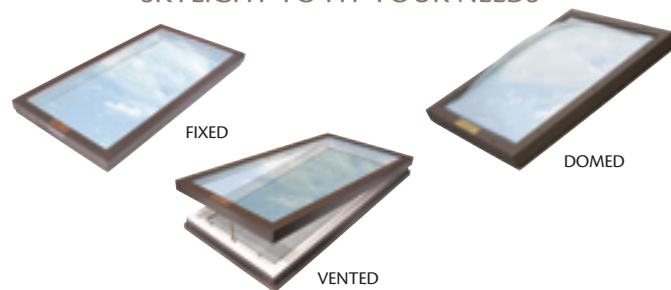

VERSATILE CURB-MOUNTED TECHNOLOGY THAT'S EASY TO INSTALL, EASY TO LIVE WITH

- Outstanding performance for flat, tile, or metal roofs
- Well-suited to thick roofing materials such as clay tile and concrete
- Rugged, one-piece Permatherm® Vinyl Curb reduces thermal conductivity and condensation
- Built-in condensation channel controls indoor moisture in higher humidity areas
- Co-extruded Weather Gasket ensures minimal air infiltration
- Protective aluminum retainer with durable bronze enamel finish
- Economical units using site-built curbs (min. 3 in 12 pitch)
- Integral Nailing Flange for fast and easy installation

AVAILABLE WITH
HURRICANE RESISTANT GLASS

CHOOSE THE BEST CURB-MOUNT SKYLIGHT TO FIT YOUR NEEDS

A NEW LEVEL OF PROFESSIONAL QUALITY FOR THE HOME

At Wasco, we know what builders and their customers are looking for in a skylight. Top quality. Innovative technology. Wide-ranging selection. Trouble-free installation. Reliable long-life performance. Competitive prices. And of course, plenty of daylight.

You get all of that with Wasco skylights. From our advanced E-Class and quality curb-mount skylights, to our spectacular Architectural Series – all in standard as well as custom sizes – there's a Wasco skylight to suit every budget, every design, every lifestyle.

INNOVATIVE DESIGNS. SPECTACULAR LOOKS. IN STANDARD AND CUSTOM SIZES.

Wasco's award-winning Architectural Series offers lightweight framed residential skylighting systems that give you a custom look at an affordable cost. Choose from our versatile Pyramid Systems in Square, Octagonal and Extended Pyramid Configurations... or our dramatic Planar System for pitched roof applications... both with a full range of glazing options including our new Hurricane-Resistant glass. Or let your imagination go with the acrylic-glazed Arched System for a long, continuous daylighting source... or our 9" deck-mount acrylic Spherical skylights for both pitched and flat roof applications.

PYRAMID SYSTEM

Our Pyramid System is available in Square, Octagonal and Extended Pyramid configurations, as well as Double-Pitched units. Curb-mount design using site-built curbs enables unlimited applications on both pitched and flat roofs.

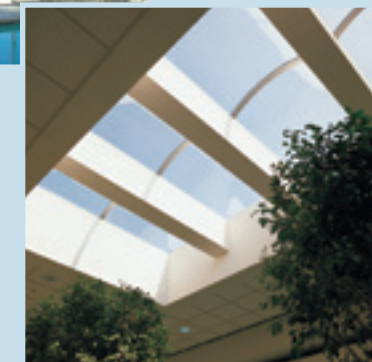

PLANAR SYSTEM

Wasco Planar System is an aluminum-frame glass system that lays over roof rafters, creating a narrow line frame for a clean and appealing look on the roofline.

ARCHED SYSTEM

Our Arched System's curb-mount design enables unlimited applications for both flat and pitched roofs, using site-built curbs.

SPHERICAL SYSTEM

Wasco's Spherical models are available in a standard 9" deck-mount configuration, and may be used with a variety of roofing materials for both pitched and flat roof applications.

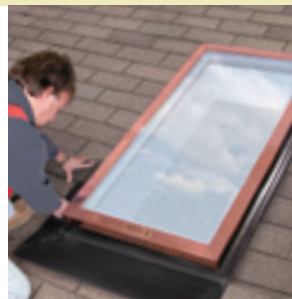

"With our budget, we want to make sure we can put them in fast and easy, and this is the window that does the job for us. *They just drop right in.*"
Tommy Silva, CC, "This Old House"

**READY TO GO,
RIGHT OUT OF THE BOX**

Installs faster than any other skylight on the market

Wasco created the original one-step, no-sealant skylight, which revolutionized ease of installation – and to this day our system still has no equal. Our energy-efficient E-Class™ skylights are designed to deliver more light per rough opening than any of the leading brands.

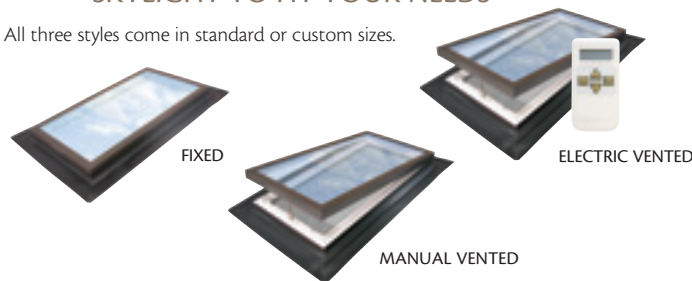

AVAILABLE IN DESIGNER
COLORS AND COPPER FACING

**CHOOSE THE BEST DECK-MOUNT
